

# Lakeview Middle School 6th Grade

## FALL 2020 Supply List and Information

---

**August 4th, 2020**

### **6th Grade Science**

6th grade science is no different from the other subjects in that this year will be taught in a flipped classroom environment. We want virtual learning that takes place at home to be productive and meaningful so that when your child comes to school we can focus on the application process through hands-on activities. Each Friday, our grade level will post a daily checklist for the following week. Our book is online. (Discovery Education TechBook) Extra help will be provided for students on Fridays.

#### **Friday Science Tutoring/Live Session:**

Friday 1:35-2:20

#### **Science Supplies:**

**1 folder with pockets and brads, a one subject spiral notebook, pencils, colored pencils, and glue sticks**

### **6th Grade Social Studies**

6th grade Social Studies, like every other subject this year will be taught in a flipped classroom environment with students responsible for viewing lessons via video on virtual learning days. Students will work on assignments, projects, and hands-on activities while at school. Each Friday, our grade level will post a daily checklist for the following week. We will be utilizing study-island and other online technology to assist your child during his/her learning experience. We will be providing extra help for students on Fridays. If at any time you have questions or concerns about your students safety, educational progress or overall school experience, do not hesitate to contact me and we will work together to come up with a solution.

#### **Friday Social Studies Tutoring/Live Session:**

11:20-12:05

#### **Social Studies Supplies:**

**1 notebook, colored pencils, 1 folder**

---

## **6th Grade Math**

6th grade math will be taught in a flipped classroom environment with students responsible for viewing lessons/videos on virtual learning days and completing an exit ticket based on the video they watched. Students will work on assignments, independent practice, and projects while at school. Each Friday, our grade level will post a daily checklist for the following week. If your child has questions or needs extra help, they can sign up for a time during the live session on Fridays. Additionally, we will be reaching out to students each week that are required to attend the session. We will be using this time to provide additional teaching/examples and answering questions as needed. We will also be using programs such as Big Ideas and IXL to practice different skills throughout the year.

### **Friday Math Tutoring/Live Session:**

**Brown:** 9:05-9:50

**Carbone:** 9:50-10:35

**Russell:** 12:50-1:35

### **6th Grade Math Supply List:**

**Brown & Carbone:** 1- one inch binder, loose leaf paper, pencils, earbuds, scissors, glue sticks, 1 folder, and a TI-30XIIS calculator

**Russell:** 1 - 1 1/2 inch binder, dividers, 1 subject spiral notebook, loose leaf paper, pencils, erasers, earbuds, dry erase marker, ruler, scissors, glue sticks, 1 folder, and a TI-30XIIS calculator

## **6th Grade ELA**

In sixth grade ELA, we will be using the Units of Study Reading and Writing Workshops to deepen skills and open horizons of learning. The workshops allow students to read diverse books and write on a multitude of subjects and formats. We will use building blocks from previous years to strengthen abilities and improve weaknesses. We will use a flipped classroom to do the workshop. Students will be expected to watch videos that will help them understand the new skill or strategy that will be practiced at home or in school. We will also learn many new vocabulary words throughout the year, so when they read more challenging books they can identify new words, opening the door to the next level of reading. Reading Plus, NewsELA, and IXL will be utilized as well. Students may schedule individual chat sessions on Fridays or they may be required to meet on Fridays. Our Google Classroom will be updated frequently with class assignments and weekly checklists.

### **Friday ELA Tutoring/Live Session:**

**Nicholas:** 12:05-12:50

**Dickey:** 10:35-11:20

**Graeser:** 12:05-12:50

### **6th Grade ELA Supplies: Continued...**

---

---

### **Mrs. Graeser 6th Grade Gateway**

Welcome to Gateway- the most unusual year ever. In the Google Classroom is a procedure letter entitled What We Do and How We Do It. This will explain the Old Faithfuls, Newly Required, and Amazing Options:

5th grade code: 6rqybzg

6th grade code: o6kztxk

7th grade code: gjcu4hm

8th grade code: g2mc2tf

Please email me if you have any questions. [barb.graeser@lakeviewlocal.org](mailto:barb.graeser@lakeviewlocal.org)

I am really looking forward to starting this year of Gateway. We will read lots of books, write many different types of entries, learn vocabulary, and broaden basic knowledge with CHOMP and IXL. I have a classic poetry book for each student which will give us a source of memorized poetry. Everyone will study Latin and Greek Roots this year, and everyone will do at least one level of matrix logic. Optional enrichment choices will include MUG shots and grammar. I need ALL Gateway students to email me the title of their summer reading book. We are in lots of different rooms this year, so we have to plan ahead to have the quiz available. I will hold virtual office hours on Fridays from 12:05 to 12:50. We can have lunch! See you soon.
